

# Gravita Zero Gravity Leather Recliner

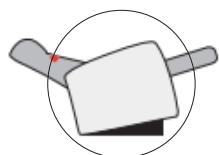

URBAN  
BARN

- Reduces pressure on the spine and joints
- Improves circulation and alleviates pain
- Minimizes stress levels
- Enhances sleep and relaxation

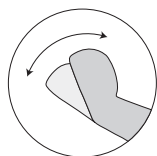

- Overall Dimensions: 30.5"W x 36"D x 40"H
- Fully reclined: 63"D

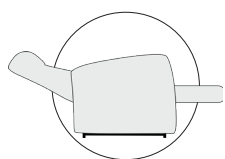

## Zero Gravity Position

Spending 15 to 30 minutes at a time in a zero gravity position allows your body to experience the full benefits of the Gravita Recliner. If you're using the chair for relaxation or stress relief, you can remain in the position for longer, up to an hour or two. The zero gravity position helps reduce discomfort in the back, neck, and legs, promotes deeper breathing, improves posture, relieves muscle tension, and can assist in post-surgery recovery by reducing swelling.

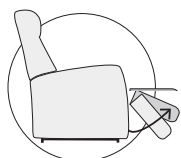

## Power Adjustable Headrest

The easily adjustable headrest function, with an infinite number of comfort positions, provides ultimate support for your neck while reading, watching the television or resting.

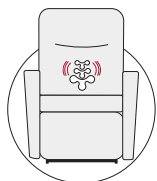

## Power Reclining

Our patented reclining system ensures a smooth and adaptive recline. Effortlessly adjust with the press of a Power button, offering multiple reclining positions. Including a full zero-gravity position, where your legs are slightly elevated above your heart.

## Integrated footrest & USB port

The extended footrest can easily be unfolded and folded by using the Power Control. The Power Control do also have a handy USB charging port that will keep your devices powered.

## Dynamic Lumbar Support

Anatomically correct shaped interior steel frame with high carbon sinuous springs and a patented built-in dynamic lumbar support system that ensures optimal lower back support regardless of reclining position.

## Cold Cured Foam Technology

Recliners are made with high density Cold-Cure Molded Foam Cushioning. The foam covers an ergonomically designed steel frame, that ensures lasting comfort and optimal ergonomic support.
